

# FLCA Stewardship Program Family Involvement

*incorporating talents and abilities of families*

**How it works:** Upon acceptance into the Academy, families will fill out a stewardship application. This application will be divided into categories as listed below. If someone in your family has a specific talent in one of these areas or is willing to donate their time, they will be included in our database.

**For example:** When there is a need for a door greeter at a school-related activity, the database will pull up the people under hospitality. These people will be contacted and asked if they can donate their time for this specific event to greet people as they enter. In other examples, we may need a parent to oversee “Red Ribbon Week”, or a speaker to talk to the students about a specific career. At First Love Christian Academy, we will encourage families to be involved in raising Christian leaders.
